

SELF PROPELLED VEHICLES/BOATS

U.S. Customs requires clearance of all self propelled vehicles exiting the United States. In order to obtain clearance, the following is required:

AUTOMOBILES: ORIGINAL TITLE OR NOTORIZED LETTER FROM LEINHOLDER (IF VEHICLE IS NOT PAID OFF) authorizing owner to take vehicle out of the country. The title must be in your name or fully endorsed on the back before it can be cleared for sailing. The car must sail in the name of the person on the title. This MUST be an ORIGINAL title for automobiles or BILL OF SALE for all other self propelled vehicles with the shippers signature.

The above must include:

1. Full name, address and phone # of Shipper - We must also receive a copy of the shippers' drivers' license or passport as well as a U.S. EIN #. (EIN # can be obtained – free of charge, by calling (800) 829-4933 or online at www.irs.gov).
2. Full name, address and phone # of Consignee in MX.
3. Full description of vehicle (including year, make, model, serial number/vin number, weight and value)

PLEASE NOTE: Any vehicle intended for parts, destruction, junk, crush, scrap, salvage, or in a non-repairable state cannot be imported. Also vehicles that are not eligible for highway use, or that are not considered street legal cannot be imported.

When the documents *and* vehicle arrive, they will be submitted to U.S. Customs for clearance. Once the documents are presented to U.S. Customs, there is a minimum *3 day waiting period* for possible inspection or clearance. When clearance is issued and the AES has been filed, (Linea Peninsular receives the AES number from the shipper or their Freight Forwarder) the vehicle will be loaded on the next available vessel.

Please overnight documents to:

Linea Peninsular Inc., Attn: Southbound Receiving, 5323 W. Hwy 98, Suite 215
Panama City, FL 32401

All vehicles exporting to Mexico on a permanent basis must have an AES filing done regardless of value. If the vehicle is shipping on a temporary basis, only the vehicles valued over \$2,500 will require an AES filing.

If you are not familiar with this document, Linea can prepare it on your behalf. A written authorization form should be filled out authorizing Linea to prepare your export documents. If someone else is preparing it on your behalf it must be filed and provided to Linea Peninsular prior to scheduling the cargo on a vessel.

- Vehicles must have less than ¼ tank of gas when delivered for sailing.
- Personal items cannot be shipped inside of the vehicle.
- Vehicles must have a completed IMO prior to accepting at port.

***Temporary vehicles and boat trailers must have a license plate in order to import in Mexico. You must have the license plate number to get your car released.**

Mexican Customs no longer allows cargo to enter the Country inside of a vehicle. Personal Items can be shipped in our miscellaneous containers as long as they are properly packaged. A detailed packing list

including descriptions, weights and values will be required. A Mexican Broker is required when shipping personal items.

Please note that Linea Peninsular does not offer cargo insurance. It can be purchased from an independent insurance company. If you need a recommendation we can give you a couple of companies to call.

Boats & watercraft no longer require U.S. Customs clearance, however, we still need a copy of the bill of sale. Customer needs to prove ownership of the engines and trailer. A statement of origin for the outboard/inboard engines will work. If the bill of sale shows the serial numbers this is sufficient proof.

On a permanent import a Broker is required to clear your vehicle. For a Foreign National bringing in a temporary import, a Forwarder will be able to help you with this. There is a list below of some Brokers/Forwarders that we have worked with. You will need your passport, your Mexico Temporary Resident or Tourist Card, a U.S. Credit Card (**Visa or Mastercard only**) and the title. The title, which we will have in our office in Progreso, will be given to you or the broker/forwarder you choose to handle your shipment upon receipt of payment.

There are additional fees that will have to be paid in Progreso prior to release of the vehicle or boat. These fees are not billed by Linea, but by Banjercito, the Port and your agent.

For the Temporary Import of Boats or Cars the following Forwarder can help you with clearance:

Lic. Alejandro Montalvo López
GBC Mexico
Calle 7 # 262 Depto. 303 Fracc. Campestre
Mérida, Yucatán México
Telefono: (999) 252 74 44, Iusacell: 9992 18 06 27, Telcel: 9991 43 93 24
amontalvo@gbcmexico.com

For permanent imports / household goods shipments the following brokers can help you with clearance:

***Denotes brokers who handle household goods shipments**
